Building the Foundations for the Next Generation of Women in Tech

Emma Foley, Sophie Lennon, Karen Doyle
Intel

@EmmaLFoley

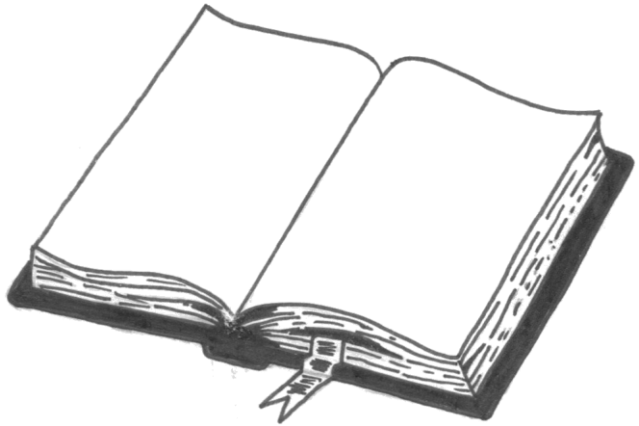
What if…

- … you could meet the technical females of the future at 17?
- … you could start building your female technical pipeline much earlier?
- … you complement their learning experiences with real engineering work?

intel THE LINUX FOUNDATION

Fairy tale?

- Set the scene
- A noble quest
- Challenges and triumphs
- Lessons learned
- Food for thought



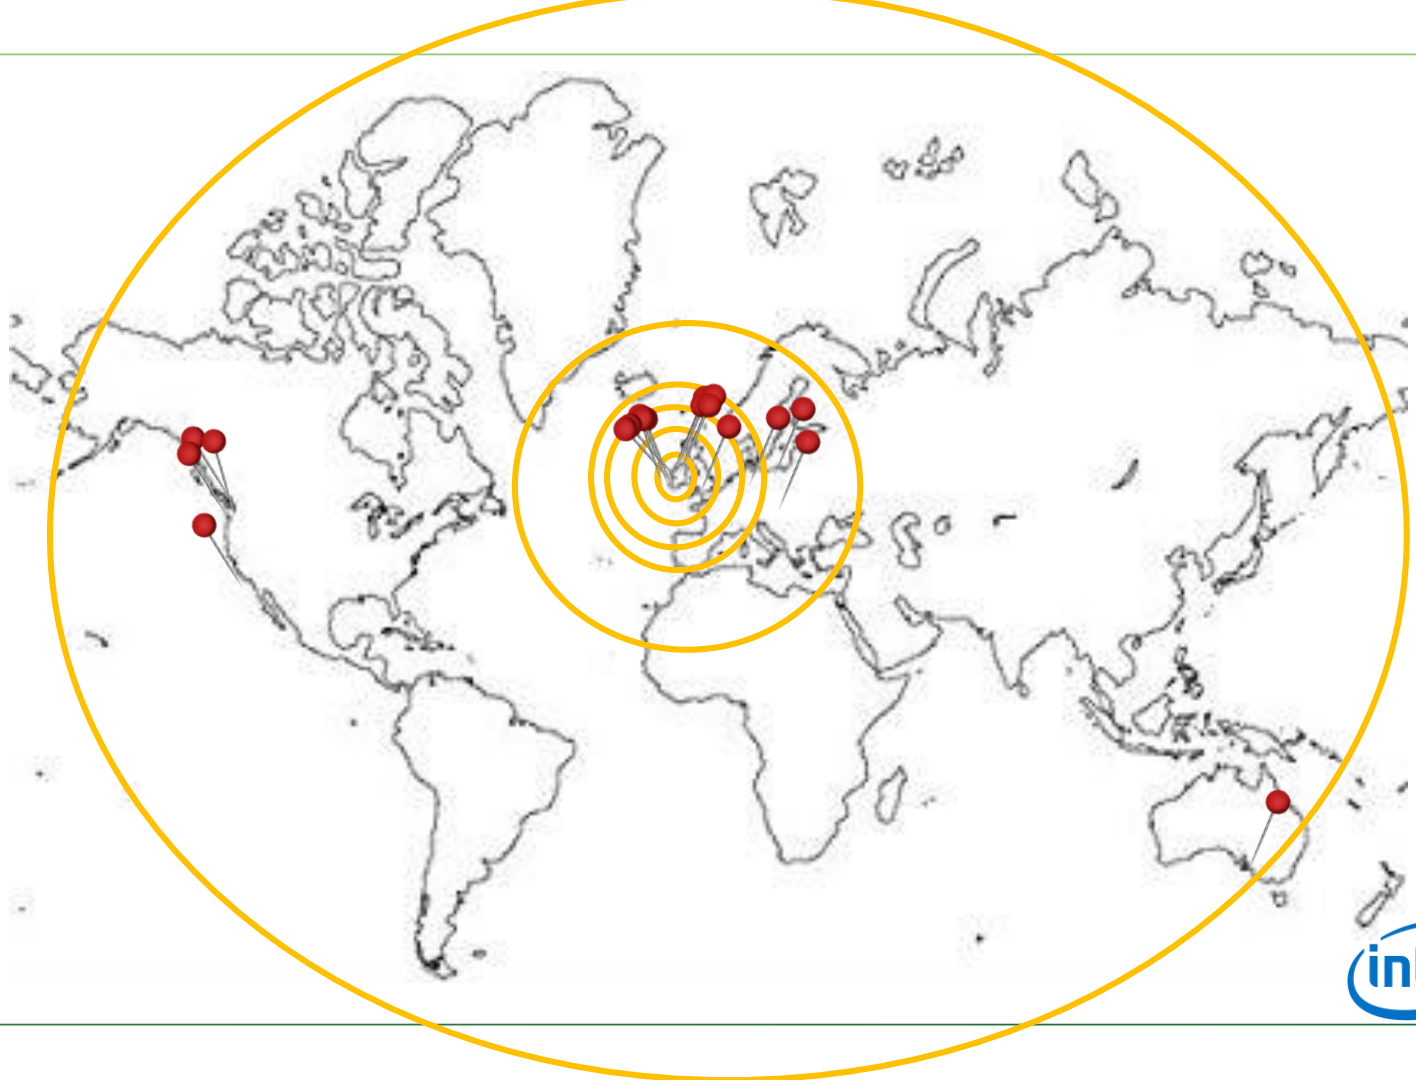
intel
THE LINUX FOUNDATION

Once upon a time…

… a wise traveller came to our land…

…our heroes set out on a noble quest…

… epic battles were fought…



… great friendships were forged…

intel

… and the more people our heroes helped, the more help they got …
